Dear Residents,

Code Enforcement visited our office yesterday to report that the "Turtle Patrol" has observed lights shining from Imperial House. They take this as a very serious matter and if it continues, fines can be issued.

We would like to remind you that Florida Rules prohibit any lighting that can be seen from the nests of the sea turtles. ***We are asking that if you are occupying your unit at the present time, please be careful to turn off the lights, change to suitable lighting, or close the shades. If you have visitors using your unit, please make sure they are aware of these regulations and do the same. Fines are the responsibility of the owners of the offending unit.***

There are acceptable lighting solutions that can be explored at the following website
